

## SCHOLARSHIP INFORMATION

# Explore the opportunities

A scholarship is a financial award that helps cover costs such as tuition, textbooks, travel, equipment or accommodation. Unlike a loan, you don't have to pay it back. Scholarships are awarded on a range of different criteria e.g. academic achievement, community involvement, financial hardship, your interests and background or a combination of these things. They can cover all stages of education including:

- ▶ **Primary School,**
- ▶ **Secondary School,**
- ▶ **Undergraduate / VET studies**
- ▶ **Postgraduate studies**
